

Military Surface Deployment and Distribution Command Freight Carrier Registration Program

A. Welcome to the Military Surface Deployment and Distribution Command's (SDDC) Freight Carrier Registration Program (FCRP). In order to transport DOD freight, carriers must comply with the requirements of the FCRP as well as requirements of Department of Transportation Title 49, Code of Federal Regulations (DOT 49 CFR) and SDDC Freight Traffic Rules Publications (MFTRP). The link for MFTRP is <http://www.sddc.army.mil/sddc/Content/Pub/8188/MFTRP1C.pdf>.

Prior to approval, carriers must complete the following (Note: in these instructions, "carrier" refers to all Transportation Service Providers):

1. All carriers wanting to do business with DOD must have a valid Standard Carrier Alpha Code (SCAC). The (SCAC) is a unique two-to-four letter code issued through the National Motor Freight Traffic Association (NMFTA) that is used to identify transportation companies. If you do not have a SCAC, use website www.nmfta.org or contact NMFTA at 2200 Mill Road, Alexandria, VA 22314, Telephone Number: 703-838-1831. **Note: Each mode of transportation (Motor, air, barge, ocean, pipeline and rail) requires a separate SCAC for filing tenders and submitting spot bid quotes.**
2. US Bank – All companies must have an agreement with US Bank and be PowerTrack certified in order to receive electronic payment for transportation services. Power Track is available on the Internet at: www.usbank.com/powertrack or by contacting US Bank PowerTrack, 1010 South Seventh St., Minneapolis, MN 55415, telephone number 800- 417-1844.
3. Complete the Carrier Registration Form <https://akita.eta.sddc.army.mil/ccp/jsp/CCPScac.jsp> and then click the ***SUBMIT*** button. **You must be PowerTrack certified first.** SDDC will review your registration form and send an e-mail notification of your status within three (3) working days. At this time you are responsible to obtain your performance bond as outlined below in item #4. The amount of the bond is determined on how you register and whether you're a small or large business. Refer to section B below for more information. A sample bond form is attached at the end of section B.
4. Performance Bond (see B below) – Instruct your bond Surety Company to forward your bond information only to: mtfecarrierregistration@sddc.army.mil by email. The subject line of the email must contain your company name and SCAC; in the body, provide the bond number, amount and effective date; Surety Company name, agent's name; address and telephone number. **SDDC does not require the original or a copy of the bond form.** Bond cancellation requests must be sent to the same e-mail address.

Once all requirements are met, SDDC will send an e-mail notification of your approval. In this approval you will receive instructions for obtaining an Electronic Transportation Acquisition (ETA) password that will allow you access to DOD transportation programs including tutorials and on-line training for help with Tender Entry and Spot Bid on the Web. For questions on training, e-mail: gfm-training@sddc.army.mil.

Additionally, upon approval, contact by e-mail, (mtfenegotiations@sddc.army.mil) SDDC's Negotiations Group and request to be included on their e-mailed solicitations for volume moves and special services.

Remember to include your SCAC in all correspondence. Pertinent information listed in the registration form will only be discussed/disclosed to the individuals listed on the form.

B. Performance Bond:

Carriers will be required to submit a Performance Bond. The amount of the bond is based on the size of your company and the number of states you intend to serve. Large companies may select 1 state for bond amount of \$25,000; 2 to 3 states - \$50,000; 4 or more states - \$100,000.

Carriers registered with the small Business Administration (SBA), <http://pro-net.sba.gov/>, may select up to 3 states with a Performance Bond of \$25,000, up to 10 states with a Performance Bond of \$50,000 and 11 or more states for \$100,000.

Note: Movements must begin and end in one of the selected states.

Carriers that have conducted business in their own name with DOD for 3 years or more will be required to submit a Performance Bond in the amount of 2.5% of their total DOD revenue for the previous 12 months, not to exceed \$100,000 and not less than \$25,000.

Bulk fuel carriers are required to submit a \$25,000 Performance Bond.

The bond amount is set at \$100,000 for Surface Freight Forwarders, Shipper Agents, Brokers, and Air Freight Forwarders due to the volume of traffic handled by these modes.

Local drayage, commercial zone, barge, rail, sealift and pipeline carriers are exempt from the bond requirements.

The Performance Bond secures performance and fulfillment of carrier obligations to deliver DOD freight. It will cover any instance where a carrier cannot or will not deliver DOD freight tendered to them. This includes default, abandoned shipments, and bankruptcy by the carrier. The bond will not be utilized for operational problems such as

late pickup or delivery, excessive transit times, refusals, no shows, improper/inadequate equipment or claims for lost or damaged cargo.

A listing of approved Surety companies can be found at <http://www.fms.treas.gov/c570/index.html>. Under “quick links” select “Treasure Listing of Approved Sureties”.

Note: Trust funds are not accepted in lieu of the bond.
